Subject: 2007 Per-Capita Water Use Annual Report

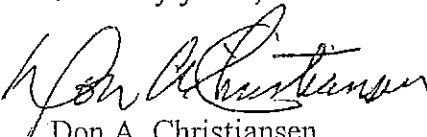

Dear Dennis:

In compliance with Article 10 of ULS Repayment Contract No. 04-WC-40-120, dated June 15, 2005, as amended, the Central Utah Water Conservancy District (District) respectfully submits to you its Per-Capita Water Use Annual Report (Annual Report) for water use during the 2007 calendar year. This Annual Report is due each year by June 1, for the prior calendar year reporting period.

This Annual Report is composed of three graphs each displaying water conservation data for the District's respective Utah Lake Drainage Basin Water Delivery System (ULS) petitioners; Jordan Valley Water Conservancy District (JVWCD), Metropolitan Water District of Salt Lake & Sandy (MWDSLS), and South Utah Valley Municipal Water Association (SUVMWA). As required by contract provision, each graph displays a "Target Line" showing required annual conservation savings necessary to achieve each petitioner's goal of 12.5 percent reduction by 2020 and 25 percent reduction by 2050, actual yearly per-capita use data points, and an "Actual Progress Line" which is a linear regression of those data points.

As shown in the graphs, each of the District's ULS petitioners has made significant progress towards meeting their respective water conservation goals. The District certifies these results and commends these organizations for their conservation efforts.

Sincerely yours,

Don A. Christiansen
General Manager
